

2020 Census Snapshot — American Indian/Alaska Native

What is the census?

Every 10 years, the United States counts everyone living in the country on April 1. Our tribes do not share enrollment numbers with the government, so it is important for all American Indians and Alaska Natives to participate in the 2020 Census.

What's in it for me?

The 2020 Census is an opportunity to provide a better future for our communities and future generations. By participating in the 2020 Census, you help provide an accurate count of American Indians and Alaska Natives. Your responses to the 2020 Census can help shape how billions of dollars in federal funds are distributed each year for programs and grants in our communities.

The 2020 Census is our count. Our responses matter. Regardless of age, nationality, ethnicity, or where we live, we all need to be counted.

Responding to the 2020 Census is:

> Easy

In early 2020, every household in the United States will receive a notice to complete the census online, by phone, or by mail.

> Safe

Your responses to the 2020 Census are confidential and protected by law. Personal information is never shared with any other government agencies or law enforcement, including federal, local, and tribal authorities.

> Important

The federal government and local American Indian and Alaska Native leaders and decision-makers will use 2020 Census data in a variety of ways that can benefit Native people and our communities.
